

FIT KIDS

FIT KIDS philosophy is to educate, promote healthy eating, encourage good citizenship, build self esteem, and motivate kids to become more physically active. Through progressive training and a creative exercise program that incorporates muscle strength, endurance, flexibility, speed and agility, cross-training, as well as cardio respiratory conditioning we can help children engage in daily physical activity and help eliminate childhood obesity. Children will experience the benefits of physical activity and stretching, progress at their own speed in a safe, non-competitive environment, experience pride in personal accomplishment and goal setting. Most important, they will learn life-long positive habits while having FUN!
