# BIZZY B's

Summer Camp: What to Expect...

New this summer, Bizzy B's camp will help prepare your child for their next step. Each week is uniquely themed to represent something our campers could "Bee" when they grow up. Throughout the week, B's will make crafts, perform science experiments, play games, and participate in nature activities related to the theme of the week. On Thursdays, B's will be encouraged to dress up as the theme for that week.

Sign up for one week or all summer - your child won't want to miss this "Bizzy" camp!
